

**Consequences Imposed on License-Holders as Result of Anti-Doping Rule Violations (ADRV)  
as per the UCI Anti-Doping Rules (ADR)**

This table lists the license-holders currently serving a period of ineligibility as a consequence of an Anti-Doping Rule Violation, over which the UCI has results management authority. The sanctions imposed by other anti-doping organisations are not included in this list, unless such sanctions have been expressly recognised by the UCI Anti-Doping Commission.

The UCI wishes to emphasize that the decisions in this table are not necessarily final and there may be appeal rights for the License-Holder and/or other parties (including the UCI) in certain cases.

The individuals listed below are prohibited, during the ineligibility period, from participating in any capacity in an event or activity, (other than authorized anti-doping education or rehabilitation programs) authorised, recognised or organised by UCI, a Continental Confederation, a National Federation, or any other Signatory, Signatory's member organisation, or a club or other member organisation of any Continental Confederation or National Federation of UCI or another Signatory or Signatory's member organisation, or in Competitions authorised or organised by any professional league or any international or national level Event organisation
