

QUALIFICATION SYSTEM FOR THE 2017 UCI ROAD WORLD CHAMPIONSHIPS

The UCI Management Committee decides the qualification system each year.

Individual Road Races

The qualification system is to be used and applied in the order of the following provisions (1 to 5). These provisions are to be applied cumulatively.

each nation may enter 9 riders to start (90 riders to start)

- D. Nations ranked 31 to 50 in the UCI World Ranking by nations on 15 August 2017:

2. Qualification through the UCI Individual World Ranking *

Nations with a rider ranked 1 to 200 in the UCI Individual World Ranking on 15 August 2017 and not yet qualified after provision 1 (*through the UCI World Ranking by nations*):
each nation may enter 1 rider to start.

3. Outgoing Champions *

If the outgoing Men Elite Road Race UCI World Champion, Men Elite Road Race Olympic Champion and Men Elite Road Race Continental Champions are from a nation not qualified through provisions 1 and 2 (*UCI World Ranking by nation and UCI Individual World Ranking*), such riders may take part in the first UCI Road World Championships after they won their respective title. They may not be replaced by another rider.

4. Confirmation of the quotas

The qualified nations must confirm their use of quotas by 31 August 2017 by sending an email to road@uci.ch.

The enrolment of the riders through the Online registration system will still have to be done before the deadline mentioned in article 9.2.004 of the UCI Regulations, i.e. eight days before the first Men Elite Road race of the championships.

The nations ranked in the UCI World Ranking by nations but not qualified through provisions 1, 2 and 3 must declare, by 31 August 2017, their intention to use a potential quota to be reallocated by sending an email to road@uci.ch.

5. Reallocation System

The reallocation shall only be applied in case less than 200 quota places have been allocated through provisions 1, 2 and 3.

The number of quota places to be reallocated is determined by deducting the number of allocated and confirmed quota places through provisions 1, 2 and 3 from the total number of riders allowed to take part in a road race (200 riders to start).

The non-used quotas will be reallocated as follows:

Quotas partially confirmed:

If a nation only confirms a partial use of its quota, the non-used quota places will be reallocated – at the rate of 1 quota place per nation – to the nations qualified through provision 1. D), i.e. ranked 31 to 50 in the UCI World Ranking by nations on 15 August 2017 and which confirmed the use of their entire quota places. The reallocation will follow the order of the ranking and the nation given an additional quota place through the reallocation system will have to confirm use of such quota place.

Non-confirmed quotas:

If a nation does not confirm the use of any of its allocated quota (or declines it entirely), the unused quota places will be reallocated – at the rate of 1 quota place per nation – to nations ranked 51 and following in the UCI World Ranking by nations on 15 August 2017 and which declared their intention to use a reallocated quota. The reallocation will follow the order of the ranking.
