## **APELDOORN**

Apeldoorn is one of the greenest cities in the Netherlands and located in the province of Gelderland. It is a mid-size city with a population of approximately 156'000. Apeldoorn is the Netherlands' twelfth largest city with a charming and lively inner city and a young, sports minded population. The appealing character of Apeldoorn stretches to the Dutch Royal family, who has always had close ties with the city. Apeldoorn is home of the stately Loo Palace, the former summer residence of the Dutch Royal family. These days the palace and its beautiful gardens are a national museum and open for the public.
