**3.3.002**

A classification by nation for men and women, of elite and juniors categories, is also drawn up for each competitions referred to in article 3.3.009 and shall be the exclusive property of the UCI.

For team events (**Madison excluded**), the classification by nation is calculated by summing the points of the best placed riders from each nation in each competition up to the following maximum quota, equal to the regular number of riders composing the team.

MEN	WOMEN
Team Pursuit: 4	Team Pursuit: 4
Team Sprint: 3	Team Sprint: 2
<del>Madison: 2</del>	<del>Madison: 2</del>

Once a nation has reached its maximum quota in an event, points of riders over quota of that nation are directly awarded to the next eligible ranked rider from the following nation.

In the case where the same number of points cannot be allocated to each rider eligible for points in the team, these points shall be equally divided amongst the eligible riders.

For individual events **and the Madison**, the classification by nation is calculated by summing the points of the three best placed riders from each nation.

Tied nations shall have their relative positions determined by the place of their best rider on the UCI Individual Track Classification.
